

Couples In Bloom – God Owns Sexy

March 2011

Please follow along as we build the background to spiritually address this **serious topic**:

In the beginning: Garden of Eden: Evil 101: Lesson #1: *Spin* ⇨ Genesis 3. Effective warfare uses enemy self-destruction: existing vulnerabilities are excellent opportunities. Distract the enemy with consuming pleasures to gain required access for unsuspected damage. This over-simplifies yet explains how evil works. Multiple attacks of setup, false information, prolonged time frames and other tricks also help evil conquer its enemies.

God's creation has tenacity towards *LIFE* ⇨ Ecclesiastes 3:11. Grass grows between the lanes of the busy highway, creatures use all they have to survive, and we all look for something *NEW*. Being the Author of life, God offers to wonderfully satisfy us as we grow in intimacy with Him. This is where Lucifer went wrong, distrusted God's loving leadership, doomed himself to hell forever (soon!), and tries to bring us down with him.

When electricity was first brought into homes, advertisers called all kinds of products "electric" even though they had nothing to do with electricity (e.g. "electric" bar of soap). Although "electricity" is **still** used to describe certain aspects of human interactions, sexuality contains more power than anything else ⇨ 1 Corinthians 6:15-18. This is due to it being patterned after the original intimacy God created for humans to have with Him.

Today we are told that even things like cars are sexy (?)... **same spin, different day!** We incessantly hear about "*sinfully rich*" food and similar words that preach *this* sermon: "*Evil Owns Fun*" ⇨ 1 Timothy 4:1. *We know* God created and owns all pleasure, and that satan uses *spin* to seemingly promote them but actually destroys them ⇨ John 10:10.

The good news is that **God does own sexy... and the instructions!** The instruction satan preaches is part of his effective warfare that intends our self-destruction, as his enemy. Our vulnerabilities make excellent opportunities for satan, but God is prepared to help us ⇨ Romans 8:37. This is important to remember, especially during difficult times!

We need to take this **ONE-QUESTION SELF-TEST** often:

DO I PREFER EVIL WAYS OVER GOD'S WAYS IN AN AREA OF MY LIFE?

If **YES**, then that is the specific area **God is ready to help me** with right now! **Hooray!**

If **NO**, then I need to retake this test soon.

God gives power to those who reciprocate His love and He **proves** it... individually. He personally loves us and wants our personal intimacy. God **owns** everything except our free will and is ready and able to custom-provide everything we need, including sexually.

The more intimate we get with God, the more His Holy Spirit gives us power for our life. Don't doubt this! Intimacy with God builds intimacy in marriage. God loves relationship!

Spouses need to remember that God owns sexy and that intimacy problems are very close to His heart. Unlike the world's *spin* sermon, God actually **has** our best in mind and **has** the power to provide it! Despair is a sign that we need to **have** God's answers in life.

We will despair and suffer if we believe that "*Evil Owns Fun*". The truth is we have the best reason to **never** despair: **GOD owns every good thing, including fun and sexy.**

Crush enemy lies! **Have** God's answers ⇨ Matthew 7:7-11. ♥ Loren & Kathy Falzone
