

CouplesInBloom.com – Letter To An Unsaved Spouse

February 2012

Every second that ticks by is one closer to God instantaneously removing Christians from the planet to Heaven, and leaving the unsaved behind ⇒ Matthew 24:37-42. Many Christians have unsaved spouses, and the love of God in their hearts should compel them to have a letter *already* written for their spouse before God takes us away. **Do not think** previous communication on the subject was enough; having millions of people suddenly disappear has never happened before and **will scare such spouses to a brand new level.**

Still have doubts? Consider this: **the Bible is God's Letter To An Unsaved Spouse** (i.e. those who become Christians, the Bride of Christ). It is also a loving book of help for His Bride, plus a playbook for post-rapture events. As believers in God, we look *beyond* our here-and-now and reach out to those lost and dying. The first priority for unequally yoked married couples is the unsaved spouse. A heart-felt letter may really help with that.

The letter should be conspicuous (*now*), and perhaps be in a labeled envelope. Sample: **“To _____ (unsaved spouse name): Instructions for after God takes Christians away”**

Sample letter text:

“Dearest _____ (unsaved spouse name),

Yes, it is all true: the time finally came when God took the Christians to Heaven... the beginning of the end, just as we talked about. **Please keep this letter;** you will need it increasingly for encouragement as the impact of what just happened around the world starts invading your life. In response, governments will do things never done before but more importantly, **YOU** need to do things you have never before... to join me in Heaven.

The first thing to remember is that this great disappearance was a spiritual event: God arranged it, forewarned it, and there ***is*** a way through it... but it will be incredibly difficult. The Bible says the few who do become Christians now will likely be *martyred*. You need to remember ***it's worth it***. I realize human life is all you have experienced so far, but trust me, that is almost over anyway and here in Heaven is great and lasts forever!

The next thing is getting and hiding Bibles to read, learn and memorize. Why? The new government will turn evil and seek to destroy every copy of it. Remember: the good was removed when God removed the Christians, so evil will take over now... until the very end when God ***terminates*** the temporary part of eternity called ***time***. God will judge every person one at a time: their choice to love Him back or not eternally determines their destiny: in Heaven or hell, respectively. The Bible tells you how to join me in Heaven.

The third thing is finding other Christians. This will become increasingly important and increasingly difficult. The Bible says people will not be able to buy or sell anything without accepting a permanent method of identification from the new government which **is against the true God** (they will falsely say it IS GOD). **YOU MUST REJECT THIS I.D.:** all who take it doom themselves to hell. It means you may die of hunger... ***IF*** you can hide from the government who will say to either take the I.D. or die (***better to die!***).

The Bible has more details for you. I love you and want you with me here in Heaven. **PLEASE** trust me now! **Longing to see you soon,** _____ (your name). ♥ Loren Falzone
